

Pre-conference Workshops – APPICON 2025

Pre-conference Workshops form an important component of scientific activity of APPICON. The workshops are designed to provide a stage for hands-on experience of various techniques for Research, Teaching and Patient care. These workshops are organized by the experts who have years of experience in the techniques that will be showcased. The delegates, usually in small groups of about 20, have opportunities to directly observe and interact with resource persons who have extensive practical skills and experience.

APPICON 2025 will provide a framework for hosting a number of pre-conference workshops pertaining to the disciplines of Physiology, Pharmacology and Allied Sciences. The topics of immediate and future relevance in Teaching, Research and Patient care will form part of scientific activity of APPICON 2025. About 3-4 hours of effective time will be available for the conduct of the pre-conference workshops. The dates of pre-conference workshops will be announced in coming days and shall be intimated to all the members through email. The conference APPICON 2025 will be held at Jawaharlal Nehru Medical College, KLE Academy of Higher Education and Research, Belagavi.

Venue of Pre-conference Workshops:

The pre-conference workshops will be held at the location of APPICON 2025.

[Submit your proposal for Pre-conference workshop](#)

The APPI invites all the members to submit the proposal for Pre-conference workshops.

Mode of Submission: The submission of proposals will be done through the online portal appi.org.in only.

Selection of the Proposal: The submitted proposal shall be examined for the relevance of the topic and profile of the invited speakers. The submitted proposals will be examined by a National Scientific Advisory Committee consisting of senior members of the APPI.

[Guidelines for submission of the Proposal for Pre-Conference Workshops](#)

- The pre-conference workshops should be proposed by a life member of APPI.
- These pre-conference workshops can be held at the venue of the conference.
- The duration of pre-conference workshops will be 3-4 hours. The detailed time schedule shall be prepared by the coordinator of the Pre-Conference Workshop.

- **The coordinator of the pre-conference workshop is required to have web-account at the official website of the APPI appi.org.in.** This is required to ensure timely and fail-safe communication.

Method of Submission

The coordinator of the pre-conference workshop will be required to submit the following information through online submission portal. The process of submission consists of the following steps:

Step 1 : Information related to Coordinator

Step 2 : Information related to expertise and experience of the resource persons

Step 3 : Information related to facilities available at venue of Pre-Conference Workshops

Step 4 : Confirmation of details and submission

Step 1 : Information related to Coordinator

A.Profile of Coordinator

- Name and other details
- Contact (Phone and email id)
- Venue of the Pre-Conference Workshop

B.Proposed title of Pre-Conference Workshop

C.Brief outline practical skills that will be demonstrated or done hands-on (including its scientific and pragmatic relevance)

Step 2 : Information related to expertise and experience of the resource persons

It is expected that the Coordinator and team of the Pre-Conference Workshop has the requisite expertise and experience in the skills that will be showcased. A brief write-up elaborating the expertise and experience of lab/facility/resource person including related publication/routine work is required to be submitted. This information shall be used for wider publicity of the Pre-Conference Workshop.

Step 3 : Information related to facilities available at the venue of Pre-Conference Workshops

It is expected that the Coordinator and team of the Pre-Conference Workshop have requisite resources to host the Pre-Conference Workshops. A brief write-up describing the

workspace/equipment etc (including photographs if deemed useful) is required to be submitted. This information shall be used for wider publicity of the Pre-Conference Workshop.

It is expected that the Coordinator and team of the Pre-Conference Workshop have requisite resources to host the Pre-Conference Workshops. A brief write-up describing the workspace/equipment etc (including photographs if deemed useful) is required to be submitted. This information shall be used for wider publicity of the Pre-Conference Workshop.

Step 4 : Confirmation of details and submission

The Coordinator will confirm the information provided and complete the submission. An additional text box will be provided for any other information that the coordinator may wish to share with the APPI and organizers of the APPICON.

The Coordinator will be required to submit write-ups of the content of the workshop as an educational review and standard operating procedure of the demonstrated skills. This write-up will form part of the publication of the proceedings of the APPICON and will be made available on appi.org.in
